PROFESSIONAL EXPERIENCE (6+ Years)

Senior Software Engineer (Agile)

Nov 2024 - Jun 2025

Smart Working Solutions

Remote

- Collaborating with a UK Client, London Stone, as a Senior Software Engineer.
- Designed and developed the homepage and several pages for Cheshire Paving Stones, including About Us, Contact Us, Product Detail Pages, Product Listing Pages, and Checkout Pages.
- Led the Agile software development lifecycle, ensuring adherence to best practices and timely delivery.
- Optimized web pages for maximum speed and scalability using technologies such as HTML5, CSS3, JavaScript, Figma, AWS, GitHub, React, and GitHub Actions.
- Built reusable code for future use, ensuring seamless integration and optimal performance.

Senior Software Engineer (Agile)

Jan 2023 - Jan 2024

Netzmartz

Noida

- Spearheaded the transformation of the Telstra Web Application from Drupal to React.js and Next.js, enhancing user interface and functionality.
- Developed blog pages, forms, and authentication features using Auth0 for enhanced security.
- Led the adoption of advanced technologies, including React.js, TypeScript, Webpack, Cypress, and Jest, optimizing web application performance and user experience.
- Conducted performance tests and debugging sessions to ensure high application performance and reliability.

Software Developer (Agile)

Dec 2021 - Jan 2023

Extramarks

Noida

- Contributed to the development of key modules for the Extramarks Web Application, focusing on enhancing user experience and functionality.
- Collaborated with the product team to implement new features and optimize existing ones, ensuring seamless performance and integration.
- Utilized React, JavaScript, Redux, HTML5, CSS3, Webpack, and AWS to develop and maintain web applications adhering to Agile methodologies.

Web Developer (Agile)

Feb 2019 - Dec 2021

Infibeam Avenues

Bangalore

- Delivered E-commerce solutions for UAE clients, including Sony UAE, Jumbo Electronics, and Axiom Telecom, focusing on user interface and functionality enhancements.
- Contributed to the development of the GEM (Government E-Marketplace) project for the Indian Government.
- Leveraged React.js, JavaScript, HTML, CSS3, SCSS, Cypress, Webpack, and Bootstrap to create high-quality web applications.

Full Stack Developer (Agile)

Jun 2018 - Feb 2019

Pyplyn Consultancy Services

Bangalore

- Developed and maintained web applications for diverse clients, focusing on front-end and back-end development.
- Leveraged Angular.js, JavaScript, React Native, HTML, CSS, SCSS, Figma, and Git to deliver optimized web application solutions.
