EDUCATION

B.Tech - Information Technology

Netaji Subhash Engineering College

Kolkata

07/2013 – 07/2017

WORK EXPERIENCE

Senior Software Engineer (Agile)

Smart Working Solutions

Remote

11/2024 – 06/2025

- Collaborated with a UK client, London Stone, in a Senior Software Engineer capacity.
- Engineered and developed the homepage along with critical pages for Cheshire Paving Stones, including About Us, Contact Us, Product Detail Pages, Product Listing Pages, and Checkout Pages.
- Championed the Agile software development lifecycle, ensuring adherence to robust best practices and timely delivery.
- Optimised web pages for maximum speed and scalability using technologies such as HTML5, CSS3, JavaScript, Figma, AWS, GitHub, React, and GitHub Actions.
- Formulated reusable code for future use, ensuring seamless integration and optimal performance.

Senior Software Engineer

AdHoc Tasks / Independent Projects / Continuous Learning

Remote

04/2024 – 11/2024

- Developed and maintained personal projects utilising React.js, Next.js, and Node.js to explore advanced frontend practices.
- Refined skills in automated testing (Jest, Cypress) and performance optimisation.
- Published work on GitHub and engaged in coding challenges to enhance problem-solving capabilities.

Senior Software Engineer (Agile)

Netzmartz

Noida

01/2023 – 01/2024

- Spearheaded the transformation of the Telstra Web Application from Drupal to React.js and Next.js, significantly enhancing user interface and functionality.
- Developed blog pages, forms, and authentication features employing Auth0 for heightened security.
- Pioneered the adoption of advanced technologies, incorporating React.js, TypeScript, Webpack, Cypress, and Jest, optimising web application performance and user experience.
- Conducted rigorous performance tests and debugging sessions to ensure high application performance and reliability.

Software Developer (Agile)

Extramarks

Noida

12/2021 – 01/2023

- Contributed to the development of essential modules for the Extramarks Web Application, concentrating on enhancing user experience and functionality.
- Collaborated with the product team to implement new features and optimise existing ones, ensuring seamless performance and integration.
- Utilised React, JavaScript, Redux, HTML5, CSS3, Webpack, and AWS to develop and maintain web applications adhering to Agile methodologies.

Web Developer (Agile)

Infibeam Avenues

Bangalore

02/2019 – 12/2021

- Delivered E-commerce solutions for UAE clients, including Sony UAE, Jumbo Electronics, and Axiom Telecom, with a focus on user interface and functionality improvements.
- Contributed to the development of the GEM (Government E-Marketplace) project for the Indian Government.
- Leveraged React.js, JavaScript, HTML, CSS3, SCSS, Cypress, Webpack, and Bootstrap to create high-quality web applications.

Full Stack Developer (Agile)

Pyplyn Consultancy Services

Bangalore

06/2018 – 02/2019

- Developed and maintained web applications for diverse clients, focusing on both front-end and back-end development.
- Leveraged Angular.js, JavaScript, React Native, HTML, CSS, SCSS, Figma, and Git to deliver optimised web application solutions.

SKILLS

JavaScript (ES6+)	TypeScript	React.js
Next.js	Angular	AngularJS
HTML	JSX	CSS (SCSS)
Bootstrap	Material UI	ANTD
Webpack	Babel	Figma
Redux Toolkit	Webpack Module Federation	AWS
S3	GitHub Actions	CI/CD tools
Cypress	Jest	React Testing Library
Agile	Scrum
